Joslyn EO Blend Recovery & Scrubber, Two Unit
EO Disposer 50 CFM
EO Disposer 100 CFM
100% EO 2038 Sterilizer with Cart System

Due to service parts obsolescence, it is necessary to schedule the obsolescence for support of these products. After September 30, 2019, STERIS will no longer provide service or consumables for Ethylene Oxide sterilizers.

We recognize the impact that product obsolescence has on your operation. A recommended replacement for the EO sterilizers is either the V-PRO® maX 2 Sterilizer or the System 1E® Liquid Chemical Sterilant Processing System. A STERIS representative will contact you to provide additional information about both products. If you have any questions regarding this notice, please do not hesitate to contact STERIS at 1-800-548-4873.

Sincerely,

Michael Guzzo
