The STERIS Short Featherweight Leg Section is great for procedures including:

**Orthopedics**
- Knee Arthroscopy
- Shoulder Arthroscopies (in Beach Chair)
- Humerus Fractures (in Beach Chair)

**Urology/Cystology**
- Bladder Biopsy
- TURP
- Cystoscopy
- Bladder & Urinary Tract Injections

**Gynecology**
- Hysterectomies
- Hysteroscopies
- Dilation & Curettage

Advantages for Your Operating Room:

- **Allows lower table height** (down to 26") with leg section attached
- **Improves surgical site access**
- **Available with or without a perineal cutout**
- **Accommodates a wide variety of surgeon heights** and seated procedures
- **Lightweight design** – only 11 lbs
- **Improved ergonomic working conditions & efficiency** - eliminates detaching and cumbersome reattachment of leg section while the patient is on the table
