InnoWave™ PCF Sonic Irrigator
Operation Guide

1. Use left and right arrow buttons to select your cycle, then open the lid.

2. Load instruments into a standard, robotic or orthopedic basket.

3. Insert the basket into the machine and push down on the handles of the basket until the latches on both sides engage.

4. Press Start to confirm loading is complete.

5. Press the handle down firmly to lock the lid and begin the cycle.

6. A chime indicates the cycle is complete. Check cycle record to confirm there were no errors.

7. Pull handles up and lift the basket out of the chamber and press press Ok to confirm unloading.
